11000 "THE HOLY LAND" illustrated by F. Fullerton, R.A. Col. & C. Black

*By Appointment.*

The Pool of Hezekiah. Among the objects of interest in the Holy City the pools hold a conspicuous place. Within the walls, immediately north of Zion, is the "Pool of Hezekiah." Fed by a subterranean torrent, the aqueduct runs for a third of a mile, partly tunnelled, but the flow of water is intermittent. The Pools of Solomon, near Bethlehem, still supply Jerusalem with water.
